Samm Consulting

I would like to take this opportunity to express my appreciation for your handling the sale of my Allstate Agency in October 2015. You were always prompt and attentive for any questions that I had during the time of my listing, putting under contract and ultimate sale of my agency.

You also kept me informed and up to date on the listing, directed me on the contract negotiations and both you and your staff guided me through the final sale.

I would highly recommend you and Samm Consulting to anyone interested in selling their agency. You exceeded my expectations. If I can ever be of assistance or can provide a reference please call me at _____.

Sincerely,

Mike Barber
