SAMM Consulting:

I would like to thank SAMM Consulting and Nicole for all of your help. SAMM Consulting made the process easy for me. I tried for months to sell to prospective buyers. I contacted Mr. Clemmons for help and he and his staff was able to find me a buyer who was serious about purchasing my agency. The entire staff was great throughout the entire process. I recommend SAMM Consulting to any seller. SAMM assisted with the buyer, the bank and my field sales leader to make sure everything was approved in a timely manner. I have been an agent over 30 years and gladly refer SAMM Consulting to any sellers for the sale of their business.

Sincerely,
